

Dear Members,

I am writing to advise that after almost 4 years as President of the ACO Council I have made the decision to resign, effective as at the conclusion of the AGM on 20 May 2016, which I will chair.

I have thoroughly enjoyed my time as President of the ACO, and have regarded being elected to this role as an honour. My resignation is for personal reasons which are entirely positive.

The ACO is a great organisation, and I am proud to be leaving it in such a strong position, both financially and in terms of continuing to achieve its mission of delivering excellence in clinical care, research and practitioner education. I am confident the ACO will continue to thrive under the strong governance and leadership team in place.

I look forward to my continued involvement and support of the ACO as a Fellow and Member.

Yours sincerely,

A handwritten signature in black ink that reads "Nathan Efron". The signature is written in a cursive, slightly slanted style.

**Professor Nathan Efron AC  
PRESIDENT**
